				BOX 1
Get a Gameplan. Win with Money!				

TOTAL INCOME FROM SIDE ONE	\$ BOX 2	INSTRUCTIONS 1. Use the money in BOX 4 to pay off debt first, then apply it to goals and savings. Give every dollar a job. This is a zero-based budget! 2. If you need more money to pay debts or reach a goal reduce expenses on the first page. Begin with discretionary spending categories like pocket money or restaurants. If you still need more money increase your income with a side hustle or look for cost reductions in other expense areas.
TOTAL EXPENSES FROM SIDE ONE	\$ BOX 3	
SUBTRACT EXPENSES FROM INCOME	\$ BOX 4	
LIST YOUR DEBTS		7 STEPS TO FINANCIAL WELLNESS 1. Save a starter emergency fund of \$1,000 as fast as you can. 2. Pay off your debt. Start by listing all of your debts except for your mortgage. Put them in order by balance from smallest to largest—regardless of interest rate. Pay minimum payments on everything but the little one. Focus on that one until it is gone. Then take that payment and put it toward the second-smallest debt, making minimum payments on the rest. That's what's called the debt snowball method, and you'll use it to knock out your debts one by one until you are debt-free except for the house. 3. Save a full emergency fund of 3 to 6 months of household expenses 4. INVEST 15% of your gross income toward retirement. 5. CONTRIBUTE to children's college education fund. 6. PAY off the house early. 7. Build wealth and be generous.
